Portfolio: https://adarshravi.github.io/personal_portfolio/

Objective:

Dedicated and highly skilled Software Developer with a strong foundation in Java and a comprehensive understanding of web development technologies. Proficient in HTML, CSS, and JavaScript, with hands-on experience in building scalable and efficient web applications using Spring MVC, Spring Boot, and Hibernate. Adept at collaborating with cross-functional teams to deliver high-quality software solutions.

Education:

B.E in Mechanical Engineering in Maharaja Institute Of Technology Mysore. (2019-2023).

Training:

Certified Java Full Stack Developer | JSpiders, [Mysuru] | [Jun 2023] - [Dec 2023]

Completed an intensive Full Stack Development program at JSpiders, gaining hands-on experience in both front-end and back-end technologies.

Technical Skills:

- **Programming Language:** Java.
- **J2EE:** JDBC and Servlets.
- **Web Technologies:** HTML, CSS, JavaScript.
- **Frameworks:** Spring Core, Spring MVC, Spring Boot, Hibernate.
- **Build Tools:** Maven.
- **Database Management:** SQL.
- **IDE:** Eclipse, Spring Tool Suites. VS code.

Projects:

- **Course Management System:** Designed a robust Course Management System using technologies like Spring Boot, Hibernate, MySQL and Postman creating a powerful RESTful API for storing and showcasing course details
- **Employee Management Web Application:** Built a robust Employee Management Web App with Spring MVC, Hibernate, and MySQL, emphasizing an intuitive platform for efficient handling of employee operations.
- **Guess the secret number:** Built a guessing game using HTML, CSS, and JavaScript, integrating fundamental DOM techniques for enhanced interactivity on the frontend.
